Art,

I am the District Manager for both stores in Cherry Hill and Marlton. I have been involved with probably 30 remodels, new stores etc while at Gap. I hope you realize what great assets to your firm you have in Rinaldo Verrico and Clint Rounsfill. This has been one of the most difficult and complicated projects, I have ever worked on. I can tell you I had lots of apprehension and concern along the way but every question, problem, request was answered with action and the utmost professionalism. They always seemed to care about what they were doing and that they deliver a project that everyone could be proud of.

Thanks for delivering a great store,

George Bagnull

I wanted to personally thank you and your team for all their efforts to complete this project at the Gap location in Cherry Hill. Phase 2 opened officially for business this morning.

Rinaldo and Clint deserve many thanks for the end results on an extremely challenging project that had many obstacles. It was a pleasure working with a group that had a united and common goal.

I look forward to working with Rectenwald Brothers in the future.
