ROSS TOWNSHIP, Pa. -- Olympic swimmer Michael Phelps thirsts to add more hardware to his 14 gold medals.

Phelps greeted fans at Ross Park Mall on Saturday as part of the grand opening of a new GNC Wellness store. The line of fans wrapped around the concourse while Phelps signed autographs and posed for pictures.

He told WTAE Channel 4 Action News he thinks he has one more Olympic appearance in him.

"I think everyone goes through a lot of tough times in their life and it depends on how you really battle back from those. Nothing's going to come easy, and the harder you work, the farther you get," Phelps said.

This was not Phelps' first time to Pittsburgh. He came in for the American Football Conference championship game last year. The Baltimore native admitted he was rooting for he Ravens to win.
